VecLoader HEPA VAC 522 Magnum

VecLoader HEPA VAC 522 Magnum

- ▶ Four-stage filtration process for optimal waste management and safety
- ▶ Maximum vacuum performance with 102 horsepower diesel engine and 12,000ft suction capacity per minute
- ▶ Ideal for high-rise buildings through to confined spaces and crawl areas
- ▶ Single or multiple hose functionality
- ▶ Self-contained truck mounted unit
- ▶ Hose can run up to 500ft into the work area
- ▶ Capable of multi-disposable options from bagging to large tippers

- ▶ Handles wet or dry waste, including asbestos and other contaminated solids, slurries, powders and liquids

The VecLoader HEPA VAC 522 Magnum provides a premium vacuum solution.

The powerful vacuum system is ideal for emergency response / spill recovery, site remediation, surface preparation, utilities, chemicals / petrochemicals, primary metals / minerals processing and hazardous waste remediation works.
